--	--	--

4. Read and write 10 sentences about advantages for students.

## Disadvantages of Computer for students

- \* Excessive use of computer by students lacks the verbal and non verbal cues necessary for the development of social and emotional skills.
- \* Leads to decreased educational effectiveness within a classroom and allow the problems down in the child's schooling.
- \* When computers are used in teaching, there are tendencies that the effective teaching will disappear between the teacher and the learner. This is due to the intervention of the attention that is given by the student to the computer machines. In other words, computers could become a barrier in communication between the teacher and the learner.
