# I Can't imagine life without a computer!

Jerry and Sandra are talking about important inventions.

Read their conversation and answer the questions. Write complete sentences.

**Jerry** OK, so what do you think is the most useful invention then?  
**Sandra** What, in the world? Yeah, well, that's a difficult question! Hmm, I'm pretty sure I couldn't live without a television!  
**Jerry** Really?  
**Sandra** Yes, really! I mean, what would I do after school every day and at the weekends?  
**Jerry** But television is just entertainment, isn't it? Do you think it's useful?  
**Sandra** Well, yeah – it means we can learn about major news events. You know, with digital television and 24-hour channels, we can always find out what's happening in the world. Yeah, I think it's really useful. But anyway, what about you then? What invention do you think is the most useful?  
**Jerry** Hmm ... well, my computer means everything to me.  
**Sandra** Do you use it a lot?  
**Jerry** Yes, all the time. Yes, I'd certainly say it's the most useful invention in our house – even more useful than my mobile phone! You know, I do my homework on it, send emails to my friends, and visit websites and chat rooms.  
**Sandra** Do you have it in your bedroom?  
**Jerry** Well, no, it's in the study. You see, my mum and dad sometimes use it for work, too. And hey, if it crashes, we all get really annoyed!  
**Sandra** We haven't got a computer at home, so I don't use one much.  
**Jerry** Really, I can't imagine life without a computer!

Questions:

- 1 What does Sandra think is the most useful invention?
- 2 How often does she use it?
- 3 In Jerry's opinion, what is the main purpose of TV?
- 4 In Sandra's opinion, which types of TV programmes are very useful?
- 5 What is the most important thing that Jerry owns?
- 6 Which other useful invention does he mention?
- 7 How does his computer help him with his school work?
- 8 How does he use it to communicate with his friends?
- 9 Who else uses Jerry's computer?
- 10 Why doesn't Sandra use a computer much?

#### The Internet: a friend or an enemy?

The Internet is an important part of our life now. It helps pupils a lot in their studying. You don't need to go to the library to get a book for your literature lesson. There are many sites where you can find a necessary e-book. If you are going to make a school project you can surf the net and get information on any topic. Doing shopping, booking tickets, watching popular clips, sharing interesting ideas, communicating, downloading music are the things you can do online. Can you live without the Internet? It seems you can do everything in the net. But is it good to spend too much time in the Internet?

For today's teenagers there is practically no line between online and real world communication. They chat online, make friends online, fall in love online, in fact, they live online! The children become Internet-addicted. Internet addiction is a disease, and every disease has its symptoms.

There are some symptoms of Internet addiction:

- 1) spending too much time in the Internet;
- 2) having problems with doing homework because you are online;
- 3) isolation from family and friends;

So, if you are going camping with your friends instead of killing computer monsters online, you are surely making the right choice!
